Sub: Technical Training Scheme--Recruitment of candidates for the Instrument Mechanics Training Centre, Hindupur, Anantapur Dt

The Instrument Mechanics Training Centre is an all-India Centre and the vacancies were allocated to the Northern, Eastern, Western and Southern Areas. As the response from the other Areas has not been satisfactory the General Headquarters have since authorised the Technical Recruiting Officer, Southern Area to fill up all the vacancies. The sanctioned strength of the Centre is 850 and the present strength is 300. As the hostel buildings and extensions to the Training Centre have not yet been completed the Centre can provide training immediately for about 450 trainees and the remaining 400 trainees by about the begining of April 1943, about 150 vacancies in the first week of April 1943.

The response to the Technical Training Scheme has so far been very good in your State.

As the educational qualification prescribed for the trade of Instrument Mechanic is high, viz., S.S.L.C. studied, passed or failed, I am afraid that it will not be possible to fill up the vacancies promptly unless intensive propaganda is conducted. If you see not objection I request you to instruct your Officers immediately to take personal interest in the matter and distribute the applications sent separately to suitable candidates. The application form gives particulars in regard to the educational and physical standards stipends and prospects after training.

Yours sincerely,
V. Krishnan

TECHNICAL TRAINING SCHEME

FORM OF APPLICATION FOR ENROLMENT AS INSTRUMENT MECHANIC AT THE INSTRUMENT MECHANICS' TRAINING CENTRE, HINDUPUR.

1. Name .....
2. Father's name .....
3. Address .....
4. Nationality .....
5. Caste or religion .....
6. Date of birth .....
7. Educational qualifications .....
8. Previous training—

   (*a*) in technical institutions .....

   (*b*) in industry .....

9. Whether the candidate desires to be admitted as draughtsman, surveyor or electrician in case he cannot be trained as Instrument Mechanic.

   (1) .....

   (2) .....

10. I understand that if employed in any of the Technical Branches of the Defence Services, I shall be liable to military training, i.e., physical training, drill, musketry, etc., as well as work as an artisan. I understand also that I shall be liable to serve overseas.

11. I realize that after enrolment in the Technical Branches of the Defence Services I am liable to be transferred from one technical branch to another.

12. I enclose two certificates of good character (in original) from persons not related to me.

.....

Signature.

Dated ..... 194 .

APPENDIX.

CONDITIONS.—The applicant must be prepared to join one of the technical branches of the Defence Service to which he might be assigned and he should live in the Civil hostel attached to the training centre.

PHYSICAL REQUIREMENTS.—Age between 18 and 39 years, height 4 feet 11 inches, weight 100 lbs., and chest measurement when expanded, 31 inches.

DURATION OF THE COURSE.—Maximum period of one year.

PASTE

STIPENDS.—Matriculates and school final candidates eligible for college courses or public service are entitled to a monthly stipend of Rs. 26–10–0 plus free rations and accommodation; others who have studied up to S.S.L.C. are paid Rs. 21–10–0 plus free rations and accommodation. As soon as the Director of the Instrument Mechanics' Training Centre certifies that a trainee is likely to become an efficient Instrument Mechanic he is classed as an improver and paid Rs. 32–14–0 besides free rations and accommodation irrespective of educational qualifications.

PROSPECTS.—After passing GRADE III trade test the trainee is entitled to a minimum of Rs. 48 per mensem. Free rations are allowed including atta or rice, dal, potatoes, vegetables, sugar, ghee, meat, milk, salt and spices plus a messing allowance of Rs. 3 per mensem in cash or kind. Free accommodation, free clothing and free medical attendance are also provided. It is possible for a grade III tradesman who is keen on his work to reach the second or even the 1st grade in the first year of his service and thus become entitled to increased pay of Rs. 76–2–0 per month. It is also possible for a recruit to secure promotion to the rank of Naik or Havildar even in the first year of his service and thus earn additional pay of Rs. 6 or Rs. 9 respectively per month. Service in the Army is for the duration of the war and 12 months thereafter, if required.

The Chairman, National Service Labour Tribunal

Signature of sendor

Office of the Publicity Officer
to the Government of Mysore,
Public Offices,

Bangalore, Dated, 18th February 1943.

Technical Training Scheme.

Candidates from Mysore State who wish to enrol themselves as Instrument Mechanics at the Instrument Mechanics' Training Centre, Hindupur, Anantapur District, are required to obtain the necessary application forms from any of the following :-

The Principal, Engineering College, Bangalore.
The Director of Industries and Commerce in Mysore, Bangalore.
The General Manager, Government Electric Factory, Bangalore.
The General Manager, Mysore State Railways, Mysore.
The General Manager, Iron and Steel Works, Bhadravati.
The Deputy Commissioner, Bangalore.
The Deputy Commissioner, Mysore, and
The Chairman, National Service Labour Tribunal, Madras.

Candidates should be between 18 and 20 years of age. The duration of the course will be a maximum period of one year.

Matriculates and School Final candidates eligible for College courses or public service are entitled to a monthly stipend of Rs.26-10-0 plus free rations and accommodation; others who have studied up to S.S.L.C. are paid Rs.21-10-0 plus free rations and accommodation. As soon as the Director of the Instrument Mechanics' Training Centre certifies that a trainee is likely to become an efficient Instrument Mechanic, he is classed as an improver and paid Rs.32-14-0 besides free rations and accommodation, irrespective of educational qualifications.

After passing Grade III trade test, the trainee is entitled to a minimum of Rs.48 per mensem. Free rations are allowed including ~~ATTA~~ atta or rice, dal, potatoes, vegetables, sugar, ghee, meat, milk, salt and spices plus a messing allowance of Rs.3 per mensem in cash or kind. Free accommodation, free clothing and free medical attendance are also provided. It is possible for a Grade III tradesman who is keen on his work to reach the second or even the first grade in the first year of his service and thus become entitled to increased pay of Rs.76-2-0 per mensem. It is also possible for a recruit to secure promotion to the rank of Naik or Havildar even in the first year of his service and thus earn additional pay of Rs.6 or Rs.9 respectively per mensem. Service in the Army is for the duration of the war and 12 months thereafter, if required.

It is hoped that candidates from Mysore State will take advantage of this training course and learn a useful trade while earning their livelihood and play their part in the industrial development of the country after the war.
